PROFESSIONAL SUMMARY

Product Manager with **3 years** of experience shipping AI and data driven products end to end, from 0 to 1 chatbot delivery (78% reduction in manual processing time) to enterprise analytics across a \$1B+ portfolio.

TECHNICAL SKILLS

- **Product Management:** Product Roadmaps, Backlog Management, Agile (Scrum), User Stories, Feature Prioritization.
- **Program & Stakeholder Management:** Cross Functional Collaboration, Stakeholder Management, Risk Management, Requirements Gathering, Delivery Management.
- **Technical:** SQL, Python, APIs, ETL Pipelines, Spark, Snowflake, Data Modeling, CI/CD Fundamentals.
- **Analytics:** KPIs, A/B Testing, Root Cause Analysis, Business Intelligence, Data Visualization, User Feedback Analysis.
- **Tools:** Jira, Tableau, Power BI, Git, Mixpanel, ChatGPT, Claude, Excel, Figma.

WORK EXPERIENCE

Data Analyst (Product & Analytics) | University of Illinois, Urbana Champaign, Illinois Jan 2026 - May 2026

- Drove data informed decisions by building Tableau dashboards to analyze order fulfillment, donation impact, and user engagement, enabling stakeholders to identify growth opportunities and improve operational performance.
- Improved analytics efficiency by 30% by optimizing SQL queries, refining data models, and automating reporting workflows, enabling faster and more reliable business insights.

Technical Project Manager (Product) | Business Intelligence Group, Champaign, Illinois. Aug 2025 - Dec 2025

- Delivered an AI healthcare billing assistant MVP by owning **product strategy, PRD, user stories, acceptance criteria, and MVP prioritization** using MoSCoW, leading a **5 member** cross functional team through **10 Agile sprints**.
- Reduced billing support workload by automating **78%** of common inquiries through a **RAG + vector search** architecture, introducing AI guardrails to maintain accuracy and safely escalate sensitive patient requests.
- Achieved **91% response accuracy** by validating the chatbot against **100+ historical billing queries**, partnering with AI engineers, data scientists, UX designers, and executives to improve retrieval quality and user experience.

Business Analyst | Cognizant Technology Solutions, Pune, India Oct 2022 - Aug 2024

- Built Tableau analytics for a **\$1B+ P&C insurance claims portfolio, tracking claim processing time, SLA compliance, backlog, and operational productivity** to help leadership identify bottlenecks and prioritize improvements.
- Translated complex business requirements into scalable analytics solutions by partnering with Finance, Operations, and IT teams to define success metrics, develop SQL based analytical frameworks, and deliver actionable insights.
- Improved reporting reliability by **30%** by automating reporting workflows and implementing data validation processes, increasing analytics accuracy and stakeholder confidence.
- Analyzed **claims performance trends** to uncover operational inefficiencies and support data driven decisions across North America, EMEA, and APAC teams.
- Presented insights to cross functional stakeholders and aligned analytics initiatives with business objectives to drive continuous improvement across global insurance operations.

CAPSTONE PROJECT

Operations Management Platform for Service Based SMBs

- Led client discovery for a 4 person team, converting stakeholder interviews into 4 epics and 12 user stories with acceptance criteria, designing the 7 entity data model that every feature (enrollment, grading, attendance, payments) was built against.
- Ran Agile end to end as Scrum Master across a 3 month, 6 sprint cadence (sprint planning, daily standups, retrospectives), prioritizing an MVP first **roadmap** (auth + dashboards) to validate direction before building out grading and payments.
- Drove a **product iteration** based on usability testing: identified friction in single page registration and redesigned it into a 4 step wizard, shipping a change that contributed to the client rating final product satisfaction very high.

EDUCATION

University of Illinois Urbana Champaign May 2026

Master of Science in Information Management (GPA:3.96/4)

University of Mumbai June 2022

Bachelor of Engineering in Electronics and Telecommunications (CGPA: 9.26/10)

LEADERSHIP

- Student Coordinator, University Housing, University of Illinois Urbana Champaign (Sept 2024 - May 2026)
- Volunteer, National Service Scheme, India (Sept 2020-May 2022)
